

Dear Herzberg Family,

I thank you guys & I'm sorry for your loss. I know you've heard that multiple times. Just from what I read your son seemed like a great man. He was brave & kind. I wish I could've met him. Well I read I could tell God had a plan & purpose for him. Throughout I could see God working. He brought you to Monahan Shores Middle School to help you keep Eric alive. Eric did a great service to this country & will forever be thanked for it. I can't imagine losing someone close to me like this. You guys are so strong by being able to go on. I thank him but I really thank you as you raised him to be that hero he was. He touched others not just in the military but as a football player, a friend, a student, & even as a brother. I know his memory will never die through the ones that loved him dearly or the students here at MSMS. I wish to be like him not by joining the Marines but by being kind hearted & selfless. Knowing his story has changed me & I will always remember it.

Sincerely,

Bronwynn Parsekian
