

Dear Herzberg Family,

I'm so sorry for your loss. But even if he's not here we can still thank him for giving the ultimate sacrifice, he did it for his friends, family, and his country. Our Country will never forget him or his sacrifice. Nor will I, I will always remember him and what he died for, his family, I will not only remember your son, but I will remember and thank all of our armed forces. I also want to be like your son in many different ways. I want to be brave, courageous, and selfless like your son. I want to serve my country as he did, as a hero to his friends and family. Now I did not personally know him, but he touched my heart as he has touched many. You and your family are amazing for all you've done for your son and what you are still doing after his death. Once again I'm sorry for your loss, I don't think there is enough pages to express my gratitude for your son and your family.
