

Dear Eric W. Herzberg,

I can't even imagine the strength you would have had to fight for our country at such a young age. What you have given up for our country is amazing and everyone loves the work you have done and you are a hero to America. You may have died but you died for the freedoms that we have. You are very strong and I, along with many others, admire what you have done. You never will be forgotten and you are in everybody's heart forever. Thank you for giving up everything for our country. You are an American hero for forever.

Love,

Mallory Schrier
