

Dear, Herzberg Family

On October 21, 2006 you lost your son and brother. Shock went through your body and brain but when the students from Mona Shores heard about your son bravery came to our heart and brain. Protecting the country that you love and that he loves. Your son and brother is the true meaning of an American Patriot. With love in our hearts we all say thanks to your son. Your son will always be remembered in the hearts of Mona Shores students. ~~make do post is is the cup~~

Love,

JARED PITMAN
